Students are guided by an efficient team of counselors who help students in choosing their line of work from a plethora of choices. Care is taken to ensure students are placed in fields where they have an aptitude to excel, keeping in view their personal traits and qualities. All students are welcome for career guidance and counseling.

Career guidance cell most of the students are in a state of confusion to choose their career ahead after pharmacy. The choices are many, advises galore all adding up to the grand confusion. He or she feels everyone else is right except himself or herself. We do not want our students to get entangled such situation and make their decision uncertain and complicated. The parents are also helpless for their wards with generation gap and ever growing career options.

For this reason, we set up the career guidance cell. The cell treats each student differently "Each according to his aptitude and talent" is our slogan here. The student's desires and ability are evaluated individually and are advised the way forward accordingly. A wrong choice of career could be a career lost and it is very difficult to regain the lost ground in life later. The possible career choice could be higher education abroad immediate job in hand being as entrepreneur, doing B. Pharm, doing M. Pharm etc. The career guidance cell has experts to channelize the student's efforts and intentions in the desired manner. The experts care for the students hence the caring guidance. Thus each and every student at Keshlata College of Pharmacy "enters to learn and leave to achieve".

Career guidance cell is functioning in the college. It consists of counseling committee, traing and placement committee. The career guidance cell functions with the coordination of faculty members and student coordinators from all streams.
